

**Description****SAFE ABSORBENT GRANULES****Applications**

Magnesium silicate-based with special properties. Suitable for picking up any fluid spilt on the floor. It is NOT flammable and is non-toxic.

Product specifications

ANTI-ODOUR

NON-SPECIFIC

NON-SLIP

INFO

Can be used for animal litter, cold rooms and refuse areas.

It can absorb different types of substances.

Prevents slips.

Physical-Chemical Properties

	Product
Appearance	Grey-beige granules
Specific weight at 20° C	0.60 kg/l
pH (10% conc.)	8.0
Melting point	1000°F

DIRECTIONS FOR USE

Scatter over the areas where there is a leak or where this may occur.

INFO

Absorption of the substance is visible in the change of colour of the granules, which become dark. Particularly effective in absorbing aqueous or solvent-based substances; it is particularly useful for oil leaks. Ideal for "routine" situations, such as around or under tool machinery pedestals, or around hydraulic power units.

Recommended use**APPLICATIONS**

Anywhere where there is a risk of liquid leaking or being accidentally spilt.

Packaging available

10 kg
